EXPERIENCE

Men's Ice Hockey Data Analyst

Bentley University – Waltham, MA

December 2024 – Present

- Collaborate with a Division I hockey staff to collect and analyze recruiting data to support roster construction and recruiting strategy, with implications for long-term program performance and resource allocation
- Maintain weekly recruiting datasets in Google Sheets across 20+ junior leagues and develop predictive models to translate junior performance to NCAA success, to support data-informed recruiting and player valuation decisions

Operations, Team Services & Statistics Team Member

IIHF World Junior Championship – Minneapolis, MN

December 2025– January 2026

- Supported team services operations during an international tournament by managing credential access, logistics, and team coordination in a fast-paced environment
- Assisted with real-time statistics tracking and game operations to support media, event officials and IIHF staff

Advancement Communication, Digital Content and Analytics Intern

Bentley University – Waltham, MA

June 2025 - Present

- Analyze email, social media, and event engagement data to identify trends and inform targeted outreach strategies for alumni engagement and fundraising initiatives

Valente Center Undergraduate Researcher, Assessing the Impact of Concussions on Athlete Market Value and Performance in Major Sports Leagues

Bentley University – Waltham, MA

Sept. 2024 – May 2025

- Developed data analysis on athletes affected by concussions, translating sports metrics into business terms
- Evaluated the effect of concussions on player performance and organizational ROI to provide actionable insights on importance of concussion protocols

Sports Media and Social Media Intern

PSF: Pro Sports Fans – Remote

June 2024 – August 2024

- Authored multiweek articles on sports topics, attracting reader interest and enhancing engagement through a new social platform on the Pro Sports Fans app
